

Camilla

The Camilla design is available in a range of sofas and sofasets with matching chair and footstool. All items are available in both fixed and loose cover.

The back cushions of the sofas and sofasets are 26" x 26" fibre scatters while the back cushion of the chair is shaped over the arms. All seat cushions are bultex foam filled as standard.

All items are finished with a straight valance.

The frame is constructed from solid beech/birch and the seat platforms of all sofas and chairs are supported by zig-zag springs. The sofaset has a two-fold metal action with 3/4" wooden slatted deck with 4" sprung interior mattress.

Loose cover items are upholstered in fire retardant (schedule 3) calico.
